

# ISG alumni NETWORK

Anniversary  
1962 - 2012

DBGS alumni, Jenny Armstrong (pictured above) and Holly Carberry. Served as interns during the 2010-2011 academic year.

While Holly was instrumental developing ISG's initial Facebook page for the Alumni Network, Jenny provided technical expertise to design the Access database.

DBGS alumni  
have played  
key technical  
roles in the  
district  
programme

Both alumni gained valuable job skills and made a lasting contribution to DBGS and the ISG District!

## Year 11 students at the June 2011 ISG alumni reunion

DBGS Year 11 students were in the middle of GCSEs at the time of the reunion. For future socials, ISG would like suggestions of the best dates for DBGS alumni, staff and departing students.

In this spectacular photo, taken by Mr. Hardcastle, DBGS Year 11 students (from 2010) are pinching each other ... ever wonder what they are up to? The ISG Alumni Network is a way to help you all stay connected, organize socials and obtain information about future education, career and travel choices!

How about these two well known DBGS alumni-former teachers Sarah and Chris Wade?

The Alumni Network is meant to help current and former students also keep in touch with the teachers who made a difference in your life.

Alumni programmes are geared to former staff and students.

Keep  
in touch  
also with  
former  
DBGS  
teachers!
