

**SARA VILLAGE SCHOOL (SVS) PARENTAL INVOLVEMENT AND COMMUNICATION SURVEY – June 2010**

---

Parental involvement is a key component to assist with communication, maximize academic achievement and the offerings of extracurricular or special programs for our students. As the doors to our new Sara Village School open this coming August 2010, we would like to know how best to keep you informed, how you wish to contribute and the special skills you may possess to support your child’s education. A complete listing of after-school activities will be developed at the beginning of the 2010-2011 school year.

Please also highlight the individual skills and interests or hobbies of your family members so that SVS staff may anticipate programs of interest and develop an understanding of available community resources/support.

Do you speak several languages or enjoy cooking, gardening, photography, camping, scrapbooking, swimming, chess, or other activities? Perhaps you have particular skills in web design, sewing, administration, marketing, engineering, fundraising, as a yoga instructor, etc... Please take a few moments to complete the below survey questions. We greatly appreciate your input and look forward to a successful first year at Sara Village School.
